

Press Release

Learn Dreamweaver and Build a Website

Our 3-day Dreamweaver class will provide you with a .com domain of your choosing, a free year of web hosting with unlimited email addresses, iStockphoto credits, and Adobe Dreamweaver Class in a Book. After 3 days of Dreamweaver training you will have your own 5-page website that you will be able to update and maintain to grow your internet presence.

Topics covered in our Dreamweaver class include: Register a domain, add text and graphics to your website, hyperlink web pages for navigation, learn to use CSS to control size and format, make your webpages dynamic with javascript behaviors, create a form, create animated gifs, ftp files to the internet to publish your website, and more.
